of Chemical and Process Engineering

**Faculty of Chemical
and Process Engineering**

WARSAW UNIVERSITY OF TECHNOLOGY

On behalf of members of the Scientific Club of Chemical and Process Engineering of Warsaw University of Technology we are pleased to invite you to the

9th European Young Engineers Conference

When? 20–22 April 2020
Where? ul. Waryńskiego 1, Warsaw,
Poland

- European Young Engineers Conference (EYEC) is intended for undergraduate students and PhD candidates. The official language of the conference is English.

It is an international conference dedicated for young scientists working in the field of chemical and process engineering and related disciplines, such as biomedical, bioprocess and material engineering, nanotechnology and nanomaterials, environmental protection.

Since 2012 our main goal is to provide an opportunity for young scientists to exchange their thoughts and ideas in a casual and friendly atmosphere. The conference enables Participants to present their research, extend their knowledge, as well as to integrate with each other.

- **Special Guests**

Every year we look for the most inspiring and fascinating speakers for our Participants. Special Guests invited for the upcoming edition are:

- Prof. Jörg Vienken
- Prof. Dr. Dr. h.c. Lorenz Ratke
- Prof. Dr. Bernhard Seyfang
- Prof. Dr.-Ing. Wolfgang Uhl
- Michał Wojasiński, PhD
- Zoltán Kovács, PhD
- Lidietta Giorno, PhD

● EYEC Monograph

The book is published by the Faculty of Chemical and Process Engineering of Warsaw University of Technology. All submitted papers undergo a review by the Scientific Committee. Every new edition of EYEC Monograph has its own ISBN number. Each Participant receives a copy of the Monograph. Copies are also sent out to Universities of all Participants. After the conference a PDF version of the book gets published on our website.

Poster of the 8th EYEC

● Conference fee

Amount of the conference fee depends on the date of abstract submission:

- before 15 November 2019: 320 zł (\approx € 75)
- before 25 November 2019: 370 zł (\approx € 85)

● Forms of presentation

Participants can present their work during sessions of two types: poster and plenary. All presentations are evaluated by the Scientific Commission.
