## Scholarship Offer in the frame of OPUS 20 project

---

**Organisation:** West Pomeranian University of Technology in Szczecin, Faculty of Chemical Technology and Engineering, Department of Nanomaterials Physicochemistry

**Position:** Scholarship holder/student

We are looking for a highly motivated candidate who would like to work in the frame of OPUS 20 project “Recycling of Plastic Waste into Highly Porous Carbon Nanomaterials for Electrochemical Energy Storage”, under supervision of dr hab. Xuecheng Chen, prof. ZUT.

**Conditions of employment:** Successful candidate will be granted scholarship of 4000 PLN/month from 16.06.2025 for 13 months under the conditions written in the NCN regulations for OPUS 20.

**Research tasks:**

- Investigation of parameters for carbonization of MOF crystals from waste PET
- Study of the supercapacitive performance of PET derived porous carbon
- Analysis of the experimental data
- Contribution to writing scientific papers

**Requirements:**

- Student in the discipline of Materials Science and related e.g. Chemistry, Chemical Engineering, etc.
- Experience in research projects
- Experience in the lab work
- Co-authorship of scientific publications will be a strong asset
- Good written and spoken English skills
- Ability to work in a team

**Application Deadline:** 12.06.2025, 15:00

**Application procedure and contact:**

Candidates should send their CV and letter of motivation to: [nanotech@zut.edu.pl](mailto:nanotech@zut.edu.pl) or deliver them personally to the Department of Nanomaterials Physicochemistry, Piastow Ave. 45, room no. 1/32 till June 12, 2025. The CV should contain information about prior scientific achievements (the list of publications, participation in internships and participation in other research projects). Please include in your application the personal data processing agreement.

Thanking all applicants for their interest, we will contact only selected candidates June 13, 2025.
